LLM course (started)

SCHEDULE

Full-time.

Adam Keller

Junior (Data → LLM)

Experience

- 2023–present — Data engineer, DataStream. ETL pipelines, data exports. LLM — coursework only so far.
- 2022–2023 — Analyst intern.

Education

Kraków University of Technology, information systems (2022).

Stack and skills

Python, SQL, ETL, Airflow; LLM (coursework).

Projects

- ETL pipelines and data marts.
- Coursework LLM projects.

About me

Data engineer, I want to move into LLM engineering. My strength is data; my weakness — no LLM production yet.
