Alice Fenwick

Data Scientist → LLM

Experience

- 2021–present — Data Scientist, DataCraft. Production ML (forecasting, segmentation). Over the last year — LLM, RAG in a pet project; no production LLM yet.
- 2019–2021 — ML analyst.

Education

University of Tartu, applied mathematics (2019).

Stack and skills

Python, classic ML, statistics, LLM (1 year), RAG (pet), Kaggle.

Projects

- Production DS: forecasting and segmentation models.
- RAG over corporate PDFs — pet project.

About me

Strong DS background, moving into LLM deliberately. I know how to measure quality and not to trust “nice-looking” answers without verification.
