ABOUT

Age: 24
City: Tbilisi
Timezone: UTC+3 (overlap ok)

LANGUAGES

Georgian — native
English — basic

COURSES AND CERTIFICATES

“LLM applications in Python”
course
FastAPI — online

SCHEDULE

Full-time.

Dennis Lang

LLM developer (junior+)

Experience

- 2023–present — Python developer, CodeLab studio. Took one LLM project (an internal wiki assistant) almost to production; langchain, FastAPI.
- 2022–2023 — Developer intern.

Education

Warsaw University of Technology (2022).

Stack and skills

Python, LLM, langchain, FastAPI, SQLite.

Projects

- LLM assistant over the internal wiki — reached pilot, never shipped to production.
- Several LLM-powered Telegram bots.

About me

I am passionate about LLMs and build a lot by hand. Little production experience so far — I want a team where I will take a project into real operation.
