Edward Grant

AI consultant

Experience

- 2018–present — AI consultant, private practice. Strategy sessions, talks, “AI roadmaps”. No production projects and no code.
- 2010–2018 — Project manager.

Education

Mixed background; MBA (2016).

Stack and skills

Understanding of AI capabilities, presentations, strategy (not engineering).

Projects

- Consulting on AI adoption (no involvement in development).
- Talks and workshops.

About me

I help businesses understand why they need AI. I have no engineering skills and no code — this is not a development role.
