ABOUT

Age: 30
City: Amsterdam
Timezone: CET (UTC+1)

LANGUAGES

Dutch — native
English — conversational

COURSES AND CERTIFICATES

Kaggle Master (2 golds)
Stanford CS224N (NLP) — online

SCHEDULE

Full-time. On-call rota — fine.

Elizabeth Kane

Senior ML engineer

Experience

- 2022–present — ML engineer, e-commerce ShopLine. RAG catalogue search and a support assistant in production; Qdrant, langchain, quality metrics.
- 2018–2022 — Data Scientist → ML engineer. Demand forecasting, antifraud in production.

Education

University of Amsterdam, faculty of applied mathematics (2018).

Stack and skills

Python, LLM, RAG in production, langchain, Qdrant, eval, MLflow, pandas.

Projects

- RAG support assistant in production (e-commerce).
- Kaggle Master — 2 gold medals in NLP competitions.

About me

I measure everything with metrics. I do not ship to production without an acceptance set — I have seen “seems to work” fall apart on real data too many times.
