Oliver Martin

DevOps / MLOps infrastructure

Experience

- 2015–present — DevOps engineer, CloudOps. Infrastructure, CI/CD, service deployment, including infra for ML. I have never built models myself.
- 2013–2015 — System administrator.

Education

Politecnico di Milano, computer engineering (2013).

Stack and skills

Docker, Kubernetes, Terraform, CI/CD, infrastructure for ML.

Projects

- Infrastructure and deployment for ML services.
- CI/CD and monitoring automation.

About me

DevOps with experience in ML infrastructure. I do not build models myself — for an ML/LLM engineer opening this is an adjacent role rather than a direct fit.
